5-Dec	Course evaluations and discussion	

All students are welcome to attend, and are encouraged to support and give feedback to fellow students. Presentations by outside speakers will be relatively informal and open for questions and discussion. Attendance will be taken for those enrolled in the course, and grading will be based on attendance. Student presentation topics can include research or related information, career options or experiences, or any other area of interest that might be relevant to the group. Brief evaluation forms will be available to provide input to student presenters. Any questions, ideas, or scheduling issues can be addressed by contacting Kristen O'Halloran at 626-2078 or at kohallor@email.arizona.edu, or Greg Martin at grm@email.arizona.edu.
